

Maatram Annual report 2011 – 2012

Tribal Welfare Camp

May-01-2011

The amount of the sanitary conditions-functional toilets and taps in urban areas of Kancheepuram is very limited. So Maatram Educational and Charitable Trust want to make the utmost efforts to complete a sanitation project that will enhance hygiene for the residents. Great efforts have been made to redress desperate living conditions of that village containing around 100 families. There is sub-standard structural quality of housing which does not withstand heavy winds or rain. Our focus is to improve these living conditions accompanied with an education system for the children around.

We have also managed to provide everyone in that village with food and distribution of clothes with the help of our volunteers. Traditional clothes - Sarees were given to women, shirts/dhotis to men, T-Shirts and pants to youngsters and biscuits and dresses to kids.

A Visit to Shelter Home

June-04-2011

We as a society have let innocent lives lose themselves to ignominy. Thousands of innocent children are abandoned and neglected, living in orphanages with meager resources. Maatram celebrated the joy of being around with the kids and provide them wonderful cake and gifts for all the kids, followed by activities like dance, games and much more to entertain them and made them happy for that day. Every child's life is worth something. It is at the root of who we are and it strengthens our belief that we must fight for those that cannot fight for them.

A visit to Karunai Illam Trust

June-09-2011

Maatram Educational and Charitable Trust have started assisting them with provisions and food for the day.
